

DISCOVERY

BIBLE STUDY

Help non-Christians discover truth and explore God's Word.

START A STUDY

Pray to find 1 or 2 non-Christian friends that are curious about Jesus or Christianity.

Ask if they would be interested in reading and discussing the Bible with you.

Agree on a time, location, and what you will study. (see other side)

LEAD A STUDY

Start by taking about 5 minutes to catch up and talk about life.

Read a Bible passage together.

Discover. Let them ask any question that comes to mind. Allow their curiosity to drive the discussion. If they don't have many questions, use the GPS questions below to discuss.

God - *What does the passage say about God or Jesus?*

People - *What does the passage say about people?*

Summarize - *How would you summarize the passage?*

Finish by having each person share something they learned, and then something they would like to learn more about next week.
